**Subject: Important Suggested Improvement To Preparation For The Digital SAT**

Hi!

I have an improvement for you to consider regarding preparation for the Digital SAT. This improvement will help countless high school students across the nation get ready for the test.

**The Suggested Improvement**

*Khan Academy is using for questions in Module Two of the Digital SAT a **different numbering system** than that of the actual Digital SAT as it appears in the Blue Book app.*

*For example, Test #1, Math Module 2, **the first question is listed as Question #1 in the Blue Book app. Khan Academy, on the other hand, lists this question as Question #23!***

*You can clearly see that high school students using Khan Academy to review their work after taking a practice Digital SAT will use expend time and effort matching the questions they are reviewing to those on Khan Academy. My suggestion to you, to make the review of questions by students easier and more efficient, is to **please have Khan Academy align its question numbering so that it aligns completely with the question numbering as used in the Blue Book app.***

I hope my suggestion is useful. Please let me know what you think.

---

Thank you, Brad Walfield, for contacting the College Board.

We have received your concerns regarding the SAT. We will be happy to assist you.

We would like to thank you for your feedback. We have forwarded your information to a higher authority. This information will be taken as a strong point and will be considered for review. Once again, we would like to thank you for your assistance and information to help better our services for the students, parents, and educators.

For further information or assistance, please feel free to call us at [1 \(866\) 756-7346](tel:18667567346) (Domestic), [001 \(212\) 713-7789](tel:0012127137789) (International), Monday through Friday, from 9:00 a.m. to 6:00 p.m. (Eastern Time) or visit us at [www.collegeboard.org](http://www.collegeboard.org).

Thank You,

Morgan
